ON MOTION OF FITCH

RESOLUTION NO.

Advocating for Maintaining a 60 Hour Work Week for Farm Workers

WHEREAS, farmers are critical components of our regional economy and are necessary to ensure supermarkets are stocked with food, AND

WHEREAS, from the outset of the COVID-19 pandemic, Central New York farmers have stepped up and ensured their operations continued and were responsible for donating thousands of pounds of food to local food banks at a time of significant need, AND

WHEREAS, farmers face a tremendous number of problems outside of their control including changes in consumer demand leading to price change, obtaining labor, climate change, land management

policies, foreign market competition, livestock and crop disease, and natural disasters, AND

WHEREAS, in addition to the practical issues related to growing and selling food products, farmers have to contend with wavering levels of government regulations including changes in wages and overtime threshold, AND

WHEREAS, over the last year the Central New York farmers have seen an increase of over 37% on the cost of feed, over 18% in labor costs and over 50% in fuel costs, AND

WHEREAS, one of the more pressing issues for the farming community has been mandated overtime requirements since the 2019 Farm Laborers Fair Practice Act, currently gives farmworkers a right to overtime after sixty (60) hours of work each week, AND

WHEREAS, farmers are reliant on migratory work forces during the short growing season here in Central New York as workers are here for only a few months in the spring and summer and they have only so many hours each year to get the work done, AND

WHEREAS, the Act does not prohibit the wage board from arbitrarily decreasing the threshold again, further decreasing the threshold for overtime and thereby increasing costs on local farms and their use of seasonal workers, AND

WHEREAS, the provisions of the Act would negatively impact the farming community by either increasing costs on farmers, who are operating under very tight margins, or will cut into work opportunities for migratory workers, AND

WHEREAS, cutting budgeted support levels and drastically increasing costs through government interference should be avoided whenever possible, NOW THEREFORE BE IT

RESOLVED, that this honorable body hereby supports farmers and migrant workers who do not want their hours reduced and urges utilizing all budgeted funding for the promotion of New York State farming products, provide critical applied research, ensure access to markets, educate the public and connect them to their food, and any other program designed to benefiting local farmers, AND BE IT FURTHER

RESOLVED, that the Cortland County Legislature hereby advocates to maintain farmworkers a right to overtime after sixty (60) hours of work each week in accordance with the 2019 Farm Laborers Fair Practice Act, AND BE IT FURTHER

RESOLVED, that certified copies of this resolution be sent to the New York State Senate and Assembly, Governor Kathy Hochul's office, State Senator Peter Oberacker, Assemblymember Dr. Anna Kelles, Assemblymember John Lemondes and the New York Farm Bureau.

Ms. Savannah Hempstead, Clerk
Cortland County Legislature
60 Central Avenue
Cortland, NY 13045

Re: Little York Lake

Dear Ms. Hempstead:

Enclosed please find paperwork which requests that the Cortland County Legislature create a lake protection and rehabilitation district around Little York Lake. Our lake has a history of water quality and weed issues which residents around the lake have been battling for years. The creation of our proposed Little York Lake Protection and Rehabilitation District will help to assure that the lake will be protected and improved for years to come. We are proposing a county district because the lake is within two towns. The existence of this district will benefit both the landowners around the lake and the county as a whole. Property values will be maintained, and the costs will be shared fairly among those properties that lie within the district boundaries.

County Law Section 250.4-a allows the county legislature to create the district we are proposing. Section 253 of the law provides that the process can be started by the submission of a petition “executed and acknowledged” by at least twenty-five owners of taxable property situated within the proposed district. Maps of the proposed district showing the boundaries and the identification of all parcels within the district are also required.

The documents which are enclosed meet all those requirements. County Law Section 254 provides that upon the acceptance of the above referenced documents the County legislature may call a public hearing to consider the proposal to establish the district. We respectfully request that the legislature accept this Petition and schedule a public hearing. We are proposing that the district operate under the general supervision of the Cortland County Soil and Water Conservation District. We are also proposing that this district funding be based only on the assessed value of property within the district. The initial budget we are proposing is 94 mil. At this rate the tax on a typical one or two family home would be approximately \$141.

As an additional point of information, please be aware that this district can be created without any approvals from the State of New York. The State Comptroller’s Office is only involved when a district proposes to incur debt, which is not the case here. We would be happy to provide contact information with that office if there are any questions. We understand that this process

begins by being considered by a committee or committees of the legislature. We would appreciate any guidance you can provide to get this before the full legislature as soon as possible.

Thank you for your attention to this matter.

Sincerely,

Gary Lawrence

President, LYL Preservation Society, Inc.
