Authorize Agreement for Use of Opioid Reserve Funds - Code Blue Warming Center/Salvation Army

WHEREAS, the Cortland County Department of Social Services (DSS) 2023 homeless population demographic data demonstrates that approximately 44% of the unhoused population face substance addiction and mental health challenges; AND

WHEREAS, the DSS 2023 data also shows that approximately 62% of individuals placed in DSS emergency housing options are discharged from placement due to non-compliant behavior; AND

WHEREAS, a significant portion of those individuals discharged due to noncompliance are struggling with substance addiction and mental health issues; AND

WHEREAS, other Cortland County substance abuse databases clearly illustrate that an overwhelming number of Cortland County residents’ overdoses and substance use disorders involve the opioid fentanyl; AND

WHEREAS, Cortland County has contracted with the Salvation Army to be the sole source provider of overnight warming center services in Cortland County from approximately November through April; AND

WHEREAS, the state monies used to fund the Salvation Army contract for these services, due to governing regulations, periodically prevent the Salvation Army from being continuously open to provide overnight warming center services during any given authorized contract; AND

WHEREAS, the erratic closing and opening of Salvation Army warming center services during the contractual term is disruptive to the recovery process for unhoused individuals with substance use disorder and mental health issues, and undermining to recovery case management support provided by substance abuse treatment and housing placement specialists such as Cortland County's Catholic Charities Critical Intervention Team; AND

WHEREAS, New York State Mental Hygiene Law § 25.18 and the NY Opioid Settlement Fund Schedule C - Approved Uses, explicitly sanctions the use of opioid settlement funds for "housing services" and such "housing services shall be appropriate, based on the individual's current need and state of recovery"; AND

WHEREAS, New York State Finance Law § 99-nn, Mental Hygiene Law § 25.18 and NY Opioid Settlement Fund Schedule C -Approved Uses, encourages the use of opioid funds in a manner that places "an emphasis on programs that provide a continuum of care" that includes "screening and assessment" and "that support critical time interventions (CTI)" and services for "individuals who face immediate risks and service needs" and, lastly may be used to supplement existing state funded program services; AND

WHEREAS, the Cortland County Salvation Army overnight warming center services are on the continuum of care from emergency to transitional to permanent housing options for homeless individuals at risk for or with substance use disorders; AND

WHEREAS, the application of opioid funds for the permitted use of housing can be used to supplement the state funded Salvation Army overnight warming center operations and thereby, when under contract with Cortland County, maintain a continuously open and accessible overnight warming center for homeless individuals at risk for or with substance use disorders; AND

WHEREAS, a continuously open, accessible overnight warming center provides homeless individuals at risk for or with substance use disorders a stable temporary place to begin the path to recovery, facilitates screening and assessment activities, and supports the case management and treatment services of Catholic Charities Critical Invention Team for unhoused individuals at risk for or with substance use disorders; AND

WHEREAS, the Health and Human Services Committee and Finance and Administration Committees of the Cortland County Legislature recommend allocating up to \$25,000 of the Opioid Settlement Reserve Fund to the Salvation Army to cover the portion of costs ineligible for Code Blue due to disqualifying temperatures during the duration of the approved contract; NOW THEREFORE BE IT
